The drawing is a technical site plan for a street reconstruction project. It shows a grid of property parcels, many of which contain existing buildings. The proposed road layout is shown with blue lines, including a central section with a 2% slope and a curve with a radius of R6. Elevation points are marked throughout the plan, such as 125.8, 124.6, and 123.92. Stationing is indicated along the road, with 'KONIEC OPRACOWANIA: 0+109.78' at the top and 'POCZĄTEK OPRACOWANIA: 0+000.00' at the bottom. A legend in the bottom right corner identifies the symbols used: a blue line for 'Proj. krawężnik' (project curb), a red line for 'Proj. obrzeże' (project edge), a dashed red line for 'Krawędź rozdzielająca' (dividing edge), and a pink line for 'Granica nieruchomości' (property boundary). Various parcel numbers like 993/23, 993/24, 993/25, 993/26, 993/8, 993/9, 993/10, 994/14, 994/15, 994/13, 994/16, 994/17, 994/18, 994/21, 994/3, and 958/1 are visible. Building footprints are labeled with numbers like 42A, 49, 51, 45, and 55. The drawing also includes various engineering notes and dimensions, such as 'L=28.125' and 'L=81.857'.
